IN REPLY REFER TO:
4100, 10804

Dear Interested Public:

Vale District, Bureau of Land Management has completed the Environmental Assessment (OR-030-03-002) and Finding of No Significant Impacts on the Whitehorse Ranch permit change in the Coyote Lake Allotment. The planned action is in accordance with existing Land Use Plans.

The proposed action would be to modify the Whitehorse Ranch grazing permit in the Coyote Lake Allotment from

Coyote Lake Allotment (10804)	713 Cattle	11/01	11/30	703 AUMs
	781 Cattle	12/01	02/28	2311 AUMs

to

Coyote Lake Allotment (10804)	745 Cattle	10/01	01/31	3014 AUMs
----------------------------------	------------	-------	-------	-----------

This modification would facilitate livestock management and increase herd health. The only change is to allow the cattle into Coyote Lake Allotment one month earlier and have them leave the allotment one month earlier. The AUMs would remain the same.
